Graduation News

Graduation commencement will be held outside this year, weather permitting. It's scheduled for Friday night, June 28th at 6:30 pm.

Adirondack Welcomes the following staff.

Joan Zimmer-Food Service Helper (HS)

I was born and raised in Boonville. I graduated from Adirondack, class of 1974. I'm married to Richard Zimmer and we have two adult children, two adult step-children and are blessed with eight grandkids. My hobbies are shopping and surfing the web and Facebook. I am retired from Walmart after 22 yrs, and love working at Enchanted Forest during the summer and playing with my fur babies.

Crystalanne Boots -AIS Teacher (BE)

I am so excited to join the Wildcat team at Boonville Elementary as an AIS Teacher. This is my 4th year teaching; I have taught preschool, first grade, and special education. I have an awesome family, a husband, three children, and two dogs (Boots and Bella). We live on a small farm that has a pond that we can go kayaking and ice skating on. On our farm, we have cows, pigs, chickens and ducks. I am hoping we get some goats soon, too! I love growing a vegetable garden and flowers. I love being outside and spend my summers training for races and marathons. I love being a teacher, it is what I was born to do! I am excited to get to know the students, families, and great teachers in the community. It is going to be an awesome year!

Anna Burke -Math Teacher (MS/HS)

I am so excited to join the ADK team of educators! I bring experience from teaching 6th, 7th, and 8th grade math in several local districts (Westmoreland, Oneida, Rome) as well as from the administrative side of things as an AP in my hometown of Rome. In addition to having a love for teaching math, I love the Adirondacks, being on [any] lake, and skiing. My guy and I are expecting our first child at the end of June and we are eager to meet her! I want to thank everyone who has been so incredibly kind and helpful in the ADK district and I look forward to teaching students here for many years to come.

Jennifer Dickinson - Food Service Helper (HS)

I am a mom of 3 kids. I love animals and enjoy gardening and reading. I am a high school graduate of Adirondack.

Aaron Woodworth - Bus Driver

I am an Adirondack graduate, class of 2012. I recently moved back to the district after living in Albany, N.Y. When I'm not working I like to get outside and hike a mountain with my wife or cook a new meal for her to try.

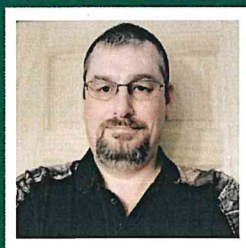

JOIN ME IN WELCOMING...

Matthew Benson

SUPERINTENDENT OF BUILDINGS AND GROUNDS

EFFECTIVE 1/24/24

GOALS

As Superintendent of Building and Grounds Matt is looking forward to continuing to serve the district by making sure the daily maintenance and building operations are running smoothly.

BACKGROUND

Matt is a graduate of ACS and began his career at Adirondack as a substitute in 1997. He has over 25 years experience working in the maintenance department for Adirondack. After working as a substitute, Matt was hired as a cleaner, a custodian in charge at Forestport Elementary, and most recently the district's Building Maintenance Mechanic.

JOIN ME IN WELCOMING....

MACKENZIE SMALDON

to the BOARD OF EDUCATION

1/23/24 - 6/30/24

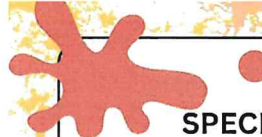

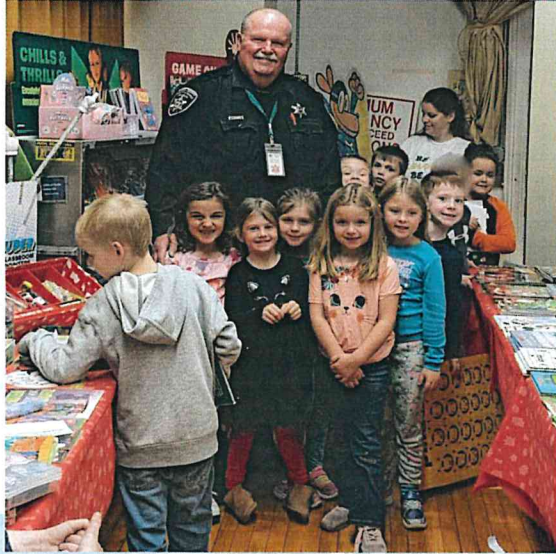

Mackenzie was selected to fill the seat of Keith Redhead. We are delighted to have Mackenzie as part of the Adirondack Central School Board of Education.

SPECIAL SHOUT OUT TO...
SPO Greg Pflieger

West Leyden's SPO Greg Pflieger, organized the first annual "Birdies for Books" golf tournament at Woodgate Pines Golf Course. This was to help pay for each child to purchase a book. All proceeds were split between West Leyden & Boonville Elementary School.

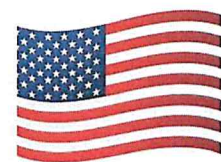

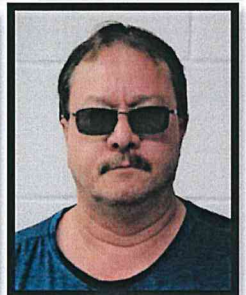

SPECIAL SHOUT OUT TO...
Ruth Gaffney, School Bus Attendant

Ruth Gaffney, from our Transportation Department, made smocks for our UPK students. Some staff member(s) helped by donating fabric.

Honoring
ALL WHO
served
THANK YOU
VETERANS

Honoring our Adirondack Faculty and Staff who have proudly served our country!

Spring 2024 State Exams 3-8

Mark your
Calendar

Adirondack had excellent participation on the 2023 exams, and we expect this to continue in 2024. Taking standardized tests is a long-standing and essential practice in education, and the results provide us valuable information to improve our instruction. Remember, the assessment scores are no longer included in teacher evaluation, and they are solely to give the district data to continually improve.

We have implemented new curriculum: ELA K-5 CKLA, ELA 6-8 Amplify, Mathematics K-5 enVisions, and Mathematics 6-8 Eureka². In addition we have implemented new Rally assessments, as practice for the state exams and for standards-based learning. We are confident that our students and teachers are ready for these exams. All tests are taken on computers.

Mark Your Calendars...to ensure your students are in school on testing days:

BIG SHOUT OUT!!

“Shout out to Boonville Elementary 5th grade math. For the past two years, we have had excellent results at this grade and subject. In 2022 61% of our Boonville Elementary 5th graders earned a 3 or 4 on their state math exam, and in 2023, 69% of the students did. To give a comparison, in our BOCES region, 29% earned a 3 or 4 in 2022, and 42% did in 2023. Keep up the great work!”

- ◆ ELA 3-8 - April 19th & 20th
- ◆ Math 3-8 - May 4th & 5th
- ◆ Science CBT 5 and 8 - May 14th
- ◆ ELA CBT 3-8 - April 9th & 10th
- ◆ Math CBT 3-8 - May 7th & 8th

Firstinmath[®]

This spring, NYSED and First in Math will again be holding a Statewide Mathematics Tournament. All New York State students in grades 1-5 who are enrolled in the First in Math program are invited to participate. The virtual regional qualifying round for the tournament will take place on March 21, 2024. We are excited to have students participate in this regional qualifying event. All of our students in grades K-5 have access to the First in Math program. First in Math is an online math practice tool that leverages students' love of gaming to build skills and math fluency. Together Boonville and West Leyden Elementary students have solved over 940,000 questions on First in Math this year! We celebrate and acknowledge our top players and teams each week, and our students are recognized on our First in Math Wall of Fame bulletin boards as they reach various milestones. Our students are excited to play and improve their math skills.

Solar Eclipse

April 8, 2024

Students will be dismissed early
HS/MS 11:00, BE 11:15 & WL 11:45

Join us for...
The Adirondack
Eclipse Extravaganza
4/8 at 1:45-5:00 pm
Middle/High School

A solar eclipse is formed when the sun, earth, and moon are in a straight line with the moon in the middle. The moon will block the sun's light and be seen as a solar eclipse by the observer's eyes.

School Based Health Center

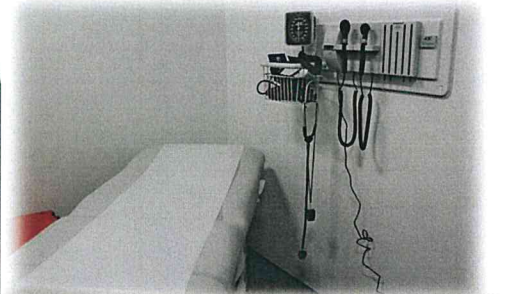

A ribbon cutting ceremony was held on January 23, 2024. The School Based Health Center is located in the Middle School wing near the greenhouse entry. Assemblyman Ken Blankenbush visited Adirondack on January 25, 2024.

Remember:

- *no cost to families
- *no co-pays
- *convenient
- *no travel

Location:
MS/HS
Greenhouse Entrance
315-943-2913

Hours:
7:30 am - 3:30 pm
(Mon-Fri)
Summer hours may vary

The photo above is of Superintendent Kristy McGrath, Assemblyman Blankenbush, and Tracy Stein (FNP of the School Based Health Center).

ACS Therapy Dog Program

Benefits of Therapy Dogs

-  Students who read to therapy dogs have an improved attitude and increased motivation to read
-  Students show a reduction of stress and anxiety
-  Students also show improved reading rate, accuracy & comprehension

-  Always ask a handler before petting

For more information on the benefits of therapy dogs in schools visit, therapydogs.com

Sweethearts & Heroes Return to Adirondack

On January 31st and February 1st, Sweethearts and Heroes returned to Adirondack Middle School and High School to bring their message of H.O.P.E., "Hold On, Possibilities Exist".

Who are Sweethearts & Heroes? The Sweethearts & Heroes team is: Tom Murphy, Director and Founder, of St. Albans, VT; Ret. U.S. Army Sgt. Rick Yarosh, a HOPE expert and motivational speaker from New York who was burned severely while serving in Iraq; and Pat Fish, BRAVE and Circle Leader.

During this second trip to our district, the team built upon the message they shared last school year. All 6th graders enjoyed an assembly where they learned what bullying is and what to do when they encounter bullying. Tom and Pat focused on hosting circles with small groups of high school students, while Rick hosted grade-level assemblies where students had the chance to ask him questions about his life experiences. The team also visited classrooms, the library, and the cafeteria.

For more information on Sweethearts & Heroes, visit: sweetheartsandheroes.com.

Rome Teachers Federal Credit Union Grant Awardees

Rome Teachers Federal Credit Union Supports Adirondack Central School District Educators

Rome Teachers Federal Credit Union Empowers Educators: Holly Sroka, Breanne Ringwald, and Kelly Josephs

The Adirondack Central School District is proud to celebrate the accomplishments of three outstanding educators: Holly Sroka, Breanne Ringwald, and Kelly Josephs. These dedicated teachers have been recently awarded classroom grants to support student learning, thanks to the generosity and support of the Rome Teachers Federal Credit Union (RTFCU) in Rome, NY.

The RTFCU has a long-standing commitment to promoting educational excellence and supporting local schools. Through their Classroom Grant Program, they provide funding to deserving educators who have innovative ideas to enhance the learning experience of their students. This year, Holly Sroka, Breanne Ringwald, and Kelly Josephs were selected as recipients of these prestigious grants.

The Rome Teachers Federal Credit Union (RTFCU), based in Rome, NY, has always been committed to supporting teachers and students in their pursuit of educational excellence. Through their Classroom Grants program, they provide educators with the resources they need to enhance the learning experience for their students. Recently, three exceptional educators from the Adirondack Central School District were awarded grants, furthering their mission to inspire and educate.

By providing financial support and resources, RTFCU is not only investing in these educators but also in the future of the students they teach. The grants awarded to Holly, Breanne, and Kelly will enable them to create an engaging and inclusive learning environment, where students can thrive and reach their full potential.

The Adirondack Central School District extends its heartfelt congratulations to Holly, Breanne, and Kelly on their well-deserved grants and wishes them continued success in their mission to provide an exceptional learning experience for their students. We applaud their dedication and innovative approaches to education, and we look forward to witnessing the positive impact they will make in their students' lives.

Adirondack Teachers Association– Keys Program

Adirondack Teachers Association Donates 60 Games to the Keys Program. 27 Adirondack Faculty and Staff participated and several students had gifts purchased through the College Sweatshirt Fundraiser. A group of Adirondack retired teachers participated also.

- 50 families were given resources for the holidays.
- 74 students participated on the Adirondack Holiday Assistance Program.

We would like to thank Fawn Henry and Lorna DeSantis for volunteering at our event. A huge shout out to CJ Logging, 3B Timber, Elks Lodge, Tri-state Drilling, Trinity Episcopal Church, Lake Effect Tech, Game Craze, and Big Apple Music, KK Adams for their donations.

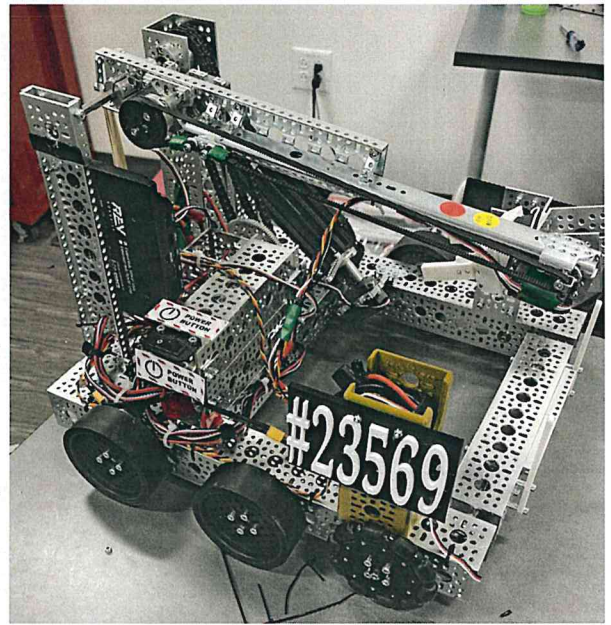

FTC

The ACS STEAM Program
ACS IS FULL STEAM AHEAD!!!!!!!!!!!!

On Sunday January 21st, the ACS RobotCats team traveled to MVCC for their first ever First Tech Challenge event. FTC is a global robotics competition in which teams design, build, program, and operate robots to compete in head to head challenges in alliance forms. Guided by adult coaches and mentors, students develop STEAM skills and practice engineering principles, while realizing the value of hard work, innovation, and working as a team.

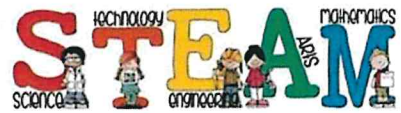

This marks Adirondacks first year participating in the FTC competition. While ACS students initiated the program last year, they focused on building a functional robot without entering the competition. Armed with the knowledge gained from the previous year, this year's students successfully constructed a robot and entered the competition. The RoboCats had a commendable performance, securing the 13th position out of 20 schools. Winning two out of five qualifying matches, they gained valuable experience throughout the day.

The MVCC competition proved to be a transformative experience for the RoboCats. Their robot performed exceptionally well, and the students gleaned numerous lessons on robotics and collaboration. Building connections with players from other teams, ACS team members laid the foundation for future collaborations. The RoboCats extend their congratulations to our neighbor to the north, South Lewis, as they finished 5th in the competition and reached the elimination round. The South Lewis team, along with coach Liz Vaerewyck, played a pivotal role in assisting Adirondack in establishing their FTC team, without whom the RoboCats wouldn't have been able to compete.

The ACS RoboCat would like to thank Kristy McGrath, Heidi Smith, and the ACS Board of Education for their continued support. They would also like to thank Jill Schafer with the help promoting the team via social media and Mike Faustino the support with the team at the event.

As always, ACS IS FULL STEAM AHEAD!!!

Vaping Informational Assembly

Adirondack High School and Middle School welcomed youth motivational speaker, Robb Holla, to our school for a vaping assembly that was held on Thursday, November 2.

This presentation covered:

- How to Build Your Life and Make Positive Choices
- Marketing messages of BIG TOBACCO and VAPING companies vs. the Truth
- Consequences of vaping that most people do not know
- Why students still choose to VAPE and SMOKE
- The Science of Vaping & what students don't know
- Power of influence & perception
- Looking to your future and the effects of choices they make
- How to make smart choices
- What students need to know about teen Marijuana Use

The district is being awarded money from Juul Labs and Altria, through a national lawsuit settlement, due to the impact vaping has had on schools and students (increased discipline, emotional/physical impact to students, the need for educating students etc.)

MATHCATS

The Adirondack Mathcats competed in the AMC 8/10/12 competitions hosted by Utica University. There were twenty high school students (AMC 10/12) who traveled to Utica University on November 8th. Before the competition the students took a tour of the campus which included a highlight of going into the university's Esports Arena. There were around 90 students from various schools around the area who competed in the AMC 10/12 competition. The district is proud to announce that three 10th graders placed in the top three. Cora Hinsdill placed first and Lillian Brown and Alex Hinojosa tied for second place! With first place, Cora receives two free classes at Utica University. Lillian and Alex receive one free class each from Utica University. On January 20th, Utica University hosted the AMC 8 competition. There were four 8th graders and one 7th grader who competed. The results of their competition will come at a later date. On the same day there was an Award Ceremony for the AMC 10/12 competition. Congratulations to all students who competed!

The following is an excerpt from Professor Xiao during the award ceremony.

“ In a world that is becoming increasingly complex and interconnected, a strong foundation in mathematics is not just an academic achievement; it's a key that unlocks doors to limitless possibilities. Mathematics is the language of science, the backbone of technology, and the driving force behind innovation. The skills you've honed through your mathematical endeavors are not confined to the classroom; they are tools that will empower you to shape the future.”

Adirondack, Remsen and Beaver River FFA Fall Trip & Tours

On November 17 & 18th, Adirondack FFA members partnered up with members from Remsen FFA and Beaver River FFA to participate in a mini agricultural tour and leadership training at Oswegatchie Educational Center. Friday the 17th started out with a stop at DiNitto's Dairy Farm in Marcy, NY. where we toured the 600 cow dairy farm (1,200 animals total). We observed the milking process, learned about the freestall housing system and how cows are fed and kept comfortable, then visited with the baby calves. On our tour, Mrs. DiNitto reiterated the variety of possible jobs and careers that are involved in servicing and operating a dairy farm, as well as the employment skills that they are looking for in their employees.

Our next stop was to Countryside Veterinary Clinic in Lowville, NY. When we arrived, we met with Dr. Kenyon and Dr. Brigandi who discussed the daily workings of their veterinary clinic. Dr. Brigandi showed us her truck that she uses when making large animal farm calls and the tools, equipment and supplies that she needs to keep onboard. We toured the different areas of the clinic and got to peek in on a surgery being performed by Dr. Pauly. Finally we met with several members of the Countryside Veterinary Clinic staff, including veterinarians, veterinary technicians, client care specialists, kennel technicians and even human resources and general business managers. They discussed their varied backgrounds and paths to the positions that they currently hold, and that it's not always a straight path to reach your goals, but to take advantage of opportunities that come your way. Finally, Dr. Kenyon emphasized the importance of the personal and leadership qualities and skills in the potential employees that they hire into their business.

Our 3rd stop was to Shultz's Dairy Farm in Lowville. Here they have a small dairy farm, but also make cheese curd that is sold through their farm store as well as through local stores and outlets. Mr. Shultz discussed the cheese curd making process and how and why he got into it. We were able to look at the cheese-making room as he walked us through the process. This farm also has a couple of large wind turbines on their farmland that we were able to drive to and get a close up look at. Mr. Shultz shared his experience, pros and cons with having these on his property. Finally, before we left, we were treated to fresh samples of Shultz Farm cheese curd that we were able to enjoy for the rest of our trip.

Our next stop was to Cazenovia Equipment in Lowville where we met with John Williams, General Manager and Brad Allen, Sales Manager. They discussed their day-to-day jobs with us and how they got to be where they are today with Caz Equipment. They, once again, emphasized what they are looking for in employees, including the personal and communication skills, the ability to be "coachable" and trainable, and the leadership skills that FFA helps to build. We also toured their facility and observed the variety of jobs available in this type of business.

Finally, after a long day of touring, we made our way to Oswegatchie Educational Center in Crogan for the night. After getting settled in and a quick dinner, OEC staff led members in a couple of fun, team-building activities, followed by a campfire and socializing. On Saturday morning, breakfast was followed by some more leadership and team building activities, including a hike and low ropes course challenges.

Overall, it was 2 jam packed days of fun, learning, leadership, camaraderie and new friendships. The Adirondack, Remsen, and Beaver River FFA chapters would like to thank all of the tour hosts for having us and sharing thoughts and experiences with our members, as well as the OEC staff for a fun and educational night at camp.

Skills USA

The Skills USA Regional Competition and was held at SUNY Morrisville. Dalayna DeVoe served as Area 2 Vice President, and Madelaine Doty served as a delegate. Our Quizbowl team consisted of Kyle Doty, John Bailey, Davin Miranda, Clayton Christiansen and Zoe Christiansen - they won 1st place. We also had a team compete in Promotional Bulletin Board that won 2nd place - the team consisted of Jenna Schaffner, Mackenzie Grogg, and Rhiannah DeVoe. Sienna Snyder competed in Customer Service and won 1st place. I have attached some pictures. All students have earned the opportunity to attend the state competition in April!

Here are a few of the many great things happening at Adirondack...

Fine Arts Upcoming Events..

- ◆ March 20 Musical Performance for Elementary TBD
- ◆ March 21 Musical/District-Wide Art Show 7:00 pm
- ◆ March 22 Musical/District-Wide Art Show 7:00 pm
- ◆ March 23 Musical/District-Wide Art Show 7:00 pm
(Snow date Sunday, March 24, 2:00 p.m. matinee)
- ◆ April 12- April 13 Elementary All-County at Remsen TBD
(Select students Grades 5-6)
- ◆ May 8 - 22 High School Senior Art Show TBD
(12th Grade Art in HS Fine Arts Lobby, on display)
- ◆ May 10-11 NYSSMA Solo Festival I-VI, at CVA TBD
(Select students Grades 4-12)
- ◆ May 16 PreK Art Show 5:30-6:30 pm
(Boonville Elem. Gym Lobby)
- ◆ May 21 Art Show during budget vote NOON-8 pm
(HS Fine Arts Lobby)
- ◆ May 21 West Leyden Spring Art Show 5:00-6:30 pm
- ◆ May 22 Boonville Elem. Spring Art Show 5:00-6:30 pm
- ◆ May 30 Elementary Concert/Art Show 7:00 pm
(Gr. 4-5 Art & Bands, 5th Gr. Chorus in HS)
- ◆ June 5 High School Concert/Art Show 7:30 pm
(Gr. 6-12 Art, Gr. 9-12 Bands and Choirs)
- ◆ June 12 Middle School Concert/Art Show 7:00 pm
(Gr. 6-12 Art, Gr. 6-8 Band, and Choirs)

The Adirondack High School Music Department is pleased to announce that they will be presenting “Mamma Mia!”. Set against a sunny Greek backdrop, “Mamma Mia” is the story of a young woman’s search for her father prior to her wedding day. Moments of sincerity and uproarious comedy exist in this Jukebox musical which features all ABBA songs.

“Mamma Mia!” opened in London’s West End in 1999, and premiered on Broadway at the Wintergarden Theatre in 2001. It played its final Broadway performance in 2013, and hailed an impressive 5,773 performances on Broadway before closing. As of 2017, this show held the title of being the ninth longest-running Broadway show, and the longest running jukebox musical.

Auditions for leads at Adirondack were held on December 15th, and rehearsals are well underway. Full cast rehearsals began on January 6th. Pit rehearsals begin in February. We continue to celebrate all students and volunteers, be it on or off stage, and look forward to presenting another exciting and successful Adirondack Musical!

New this year: We’ve gone to online ticketing! Please utilize the QR code on our posters, and link that will soon be available on the school’s website. For individuals not yet comfortable with the “high tech world”, ticket stations will be set up in the school lobby during advertised days and times (look for updated information in the Boonville Herald). Tickets are \$9 for adults, and \$8 for seniors and students.

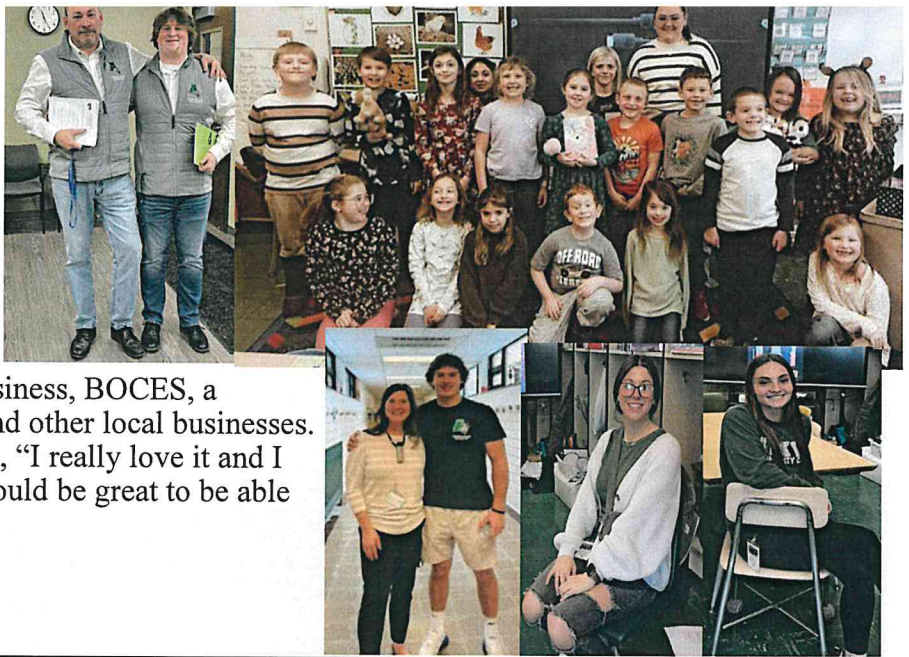

The Adirondack High School Fine Arts Department is always looking for volunteers. If you would like to help in this project, please contact Crickett at 315-796-0458.

We look forward to seeing you on March 21, 22, and 23. Come and show your Wildcat pride. “There’s nothing like an Adirondack musical!”

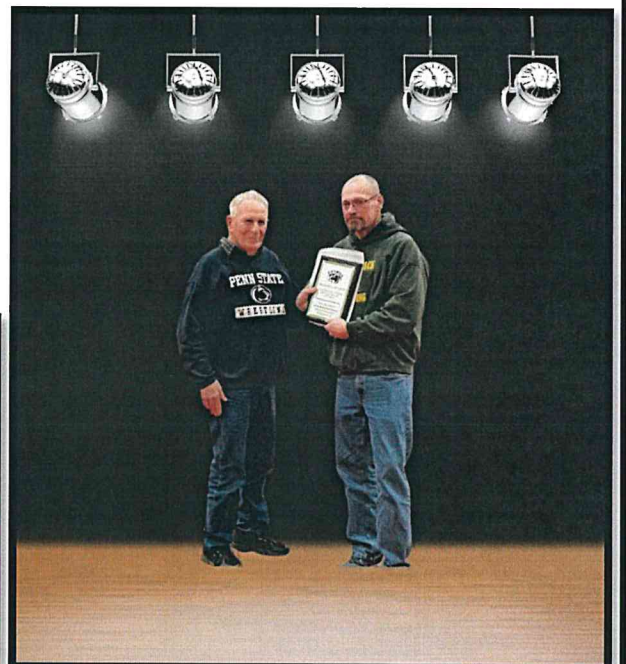

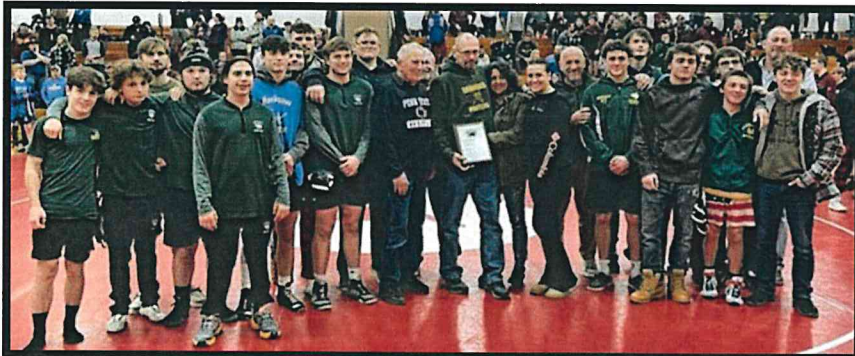

SENIOR SHADOWING

In January over thirty seniors had the opportunity to shadow ACS staff, local businesses, and other career paths. This was a great way for students to get first-hand experience in a variety of career fields that may interest them. Class advisors, Ms. Zeigler and Mrs. Lewis, worked with seniors to organize this great opportunity. Some seniors shadowed in our elementary and high school, a painting business, BOCES, a local radio station, 3 Willows Event Center, and other local businesses. We heard comments from the students such as, "I really love it and I think it was a great opportunity." "I think it would be great to be able to shadow for a whole day."

CONGRATULATIONS COACH

Congratulations to Coach Rob Hennessey for earning the George Peavey Award for his commitment and dedication to the sport of wrestling.

UNIFIED BOWLING

Adirondack has become a Unified Champion School and will be participating in the Tri Valley Unified Bowling League this season. Unified Champion Schools is a program aimed at promoting social inclusion through intentionally planned and implemented activities. Unified Champion Schools Associate Director, Nicole Fess, met with SkillsUSA to discuss the Unified Champion Schools program and to assist the district in becoming involved with the Tri Valley Unified Bowling League.

Adirondack students and members of SkillsUSA, Claire Miller, Brea Barrow and Molly Andrews, led and participated in an initiative to lead the pledge, I Choose to Include, with a banner signing activity. Claire, Brea and Molly have also been actively involved in planning and recruiting a team of students to participate in the Tri Valley Unified Bowling League.

The Tri Valley Unified Bowling League kicks off its season on February 8. All matches will be held at Vista Lanes in Yorkville. The League consists of three matches and a culminating event on March 7. Adirondack will field a team of 8-10 students with coach, Sabrina Prievo, leading the group.

ADIRONDACK CENTRAL SCHOOL

PRE-KINDERGARTEN (4 YEAR OLD) & KINDERGARTEN

OPEN FOR REGISTRATION

✓ The Adirondack Central School District has already begun recruitment and registration for Universal (4 year old) Pre-Kindergarten and Kindergarten for the 2024-2025 school year.

✓ Please contact Tonya Kazek, District Registrar to set up an appointment for registration or to request a registration packet. **Parents/Guardians need to complete the UPK forms and return them to Tonya in the District Office by March 1st.**

The district will announce the details on the Universal (3 year old) Pre-Kindergarten program at a later date.

Please help us share this information by passing it on to anyone you know who may have a child eligible.
